ALEXANDRO MILHOMES LEÃO

Software Developer | Full Stack | Software Engineering

Belém - PA | Contact: +55 (91) 98893-0042 | Email: alexmilhomes.aml@gmail.com
GitHub: https://github.com/AlexandroLeao | LinkedIn: https://linkedin.com/in/alexandroleao/ | Portfolio: https://alexandroleao.com.br/

PROFESSIONAL SUMMARY

Software Developer with a degree in Systems Analysis and Development and experience building full-stack web applications using React, TypeScript, Node.js, REST APIs, and PostgreSQL. Hands-on knowledge of automated testing, OpenAPI, application security, Docker, CI/CD, and technical documentation. Experience in software development, IT support, and team leadership, with a focus on quality and problem-solving.

PROFESSIONAL EXPERIENCE

Warehouse Supervisor | **IT Technical Support Assistance** — Axia Energia (Eletronorte) | May 2024 – Jun. 2026

- Inventory management, material traceability, and standardization of operational processes.
- Diagnosis and resolution of issues involving computers, printers, and peripherals.

Technology Sales Consultant — Realme Norte | Dec. 2025 – Apr. 2026

- Ranked 1st regionally, with individual results exceeding BRL 75,000 and recognition for professional excellence.
- Collaborative leadership in onboarding and training new employees, sharing knowledge and best practices.

Web Developer | **Volunteer** — Centro de Reabilitação Social Kosei Home | Apr. 2023 – Apr. 2024

- Web-based financial management system developed with React and JavaScript for the Natsu Matsuri festival.
- Reusable components, React Hooks, responsive interface, and data persistence using LocalStorage.

PROJECTS

Adventure Files | Original Full-Stack Application | Nov. 2026

- Bilingual, responsive RPG character creator featuring six stages, eight classes, character customization, and an original pixel art visual identity.
- REST API built with Node.js/Express, OpenAPI 3.1, Supabase authentication, CRUD operations, PostgreSQL with RLS, and secure account management.
- Character sheet export in two PNG formats, Cloudflare Turnstile protection, and multi-stage Docker builds with a non-root runtime and healthcheck.
- 358 passing tests and checks: 183 frontend tests, 133 API tests, 39 pgTAP assertions, and 3 full-stack E2E scenarios with Playwright; CI/CD and UML documentation.

Stack: React 19, TypeScript, Vite 8, Node.js, Express 5, PostgreSQL, Supabase, OpenAPI, Docker, Vitest, Supertest, Playwright, and GitHub Actions.

Professional Portfolio | Software Engineering Project | Oct. 2026

- Bilingual portfolio built with React and TypeScript, featuring responsive design, light/dark themes, accessibility, SEO, and a custom domain.
- 74 Vitest tests, 10 Playwright E2E tests, and 11 axe-core accessibility audits, totaling 95 passing checks; ESLint and production build validation.
- Multi-stage Docker builds with Nginx, four GitHub Actions workflows, CI/CD, Issues, Pull Requests, and Vercel Preview/Production deployments.

- UML documentation and ADRs, image and font optimization; Lighthouse CI median Performance scores of 97/98 (mobile/desktop) and 100 in all other categories.

Stack: React 19, TypeScript, Vite 8, Tailwind CSS, Vitest, Testing Library, Playwright, axe-core, Lighthouse CI, Docker, Nginx, GitHub Actions, and Vercel.

Live App: https://alexandroleao.com.br/ | **Repository:** https://github.com/AlexandroLeao/developer-portfolio

Ideas and Projects Organizer | Original Web Application | Oct. 2026

- Deployed application for managing ideas and projects, featuring CRUD operations, search, categorization, priorities, favorites, and status tracking.
- Data persistence with LocalStorage, reactive state management, data validation, and cloud storage for attachments.
- 25 automated tests using Vitest and Testing Library; CI with linting, type checking, testing, and builds.
- Technical documentation, Git/GitHub, Pull Requests, main branch protection, and automated deployment on Vercel.

Stack: React 19, TypeScript, TanStack Start/Router, Tailwind CSS, shadcn/ui, Zod, Vitest, Testing Library, GitHub Actions, and Vercel.

Live App: https://app-project-ideias.vercel.app/ | **Repository:** https://github.com/AlexandroLeao/app-project-ideias

TECHNICAL SKILLS

Development: React, Angular, TypeScript, JavaScript, HTML/CSS, Vite, Tailwind CSS, TanStack Router, Node.js, Express, REST APIs, OpenAPI, PostgreSQL, SQL, Supabase, and LocalStorage.

Software Engineering & Quality: Requirements analysis, UML, ADRs, accessibility, SEO, authentication, Row Level Security (RLS), Zod, Vitest, React Testing Library, Supertest, pgTAP, Playwright, axe-core, Lighthouse CI, ESLint, and code review.

Delivery & Collaboration: Git/GitHub, Issues, branches, Pull Requests, GitHub Actions, CI/CD, Docker, Nginx, Vercel Preview/Production, Render, Scrum, and technical documentation.

CERTIFICATIONS AND ADDITIONAL TRAINING

Itaú Bootcamp — Java with Artificial Intelligence | DIO | In Progress

Cloud Fundamentals, Administration and Solution Architect | FIAP | 80h | Oct. 2026

Software Engineering | FIAP | 100h | Oct. 2026

Scrum: Managing Software Projects with Agility | IFRS | 40h | Sep. 2026

Legacy JavaScript Algorithms and Data Structures V7 | freeCodeCamp | 300h | Jun. 2023

The Complete Full-Stack Web Development Bootcamp | Udemy | 62h | Nov. 2022

Database Administration | Fundação Bradesco | 15h | Nov. 2022

UX and UI Design | TIM Tec | 40h | Feb. 2023

Technical Support Fundamentals (Google) | Coursera | 24h | Jul. 2023

English for Technology, Support and Help Desk | Kultivi | 4h | Sep. 2026

EDUCATION

Systems Analysis and Development | Wyden
Higher Education Technology Degree | Completed in Jul. 2024

LANGUAGES

Portuguese: Native | English: Technical proficiency in documentation, coding, and development tools.
