ALEXANDRO MILHOMES LEÃO

Software Developer | Full Stack | Software Engineering

Belém, Pará, Brazil | Phone: +55 (91) 98893-0042 | Email: alexmilhomes.aml@gmail.com

GitHub: https://github.com/AlexandroLeao | LinkedIn: https://linkedin.com/in/alexandroleao/ | Portfolio: https://alexandroleao.com.br/

PROFESSIONAL SUMMARY

Technology graduate in Systems Analysis and Development with experience in React and TypeScript web applications, automated testing, CI/CD, and technical documentation. Background in development, IT support, and team leadership, focused on software quality, efficiency, and problem-solving.

PROFESSIONAL EXPERIENCE

Warehouse Supervisor | IT Support — AXIA Energia (Eletronorte) | May 2024 – Jun 2026

- Inventory management, material traceability, and standardization of operational processes.
- Troubleshooting computers, printers, and peripherals; support for day-to-day IT issues.

Technology Sales Consultant — Realme Norte | Dec 2025 – Apr 2026

- 1st place in the regional sales ranking, with over BRL 75,000 in individual sales and recognition for professional excellence.
- Collaborative leadership in onboarding and training new team members, sharing knowledge and best practices.

Web Developer | Volunteer — Kosei Home Social Rehabilitation Center | Apr 2023 – Apr 2024

- React and JavaScript web application for financial management at the Natsu Matsuri festival.
- Reusable components, React Hooks, responsive UI, and data persistence with LocalStorage.

PROJECTS

Professional Portfolio | Software Engineering Project | Oct 2026

- Bilingual React and TypeScript portfolio with responsive design, light/dark themes, accessibility, SEO, and a custom domain.
- 34 automated tests with Vitest and Testing Library; ESLint, TypeScript checks, and production build validation.
- GitHub Issues, branches, Pull Requests, GitHub Actions CI, and Vercel Preview/Production deployments.
- Architecture documentation, UML diagrams, ADRs, and optimized images/fonts; 100/100 across all four Lighthouse categories in a production audit.

Stack: React 19, TypeScript, Vite 8, Tailwind CSS, Vitest, Testing Library, GitHub Actions, Vercel.

Ideas and Projects Organizer | Independent Web Application | Oct 2026

- Published app for managing ideas and projects with CRUD, search, categories, priorities, favorites, and status tracking.
- LocalStorage persistence, reactive state management, data validation, and cloud storage for file attachments.
- 25 automated tests with Vitest and Testing Library; CI checks for lint, types, tests, and build.
- Technical documentation, Git/GitHub, Pull Requests, main branch protection, and automated deployment to Vercel.

Stack: React 19, TypeScript, TanStack Start/Router, Tailwind CSS, shadcn/ui, Zod, Vitest, Testing Library, GitHub Actions, Vercel.

TECHNICAL SKILLS

Development: React, TypeScript, JavaScript, HTML/CSS, Tailwind CSS, TanStack Start/Router, React Hooks, and LocalStorage. Foundational knowledge of Node.js, REST APIs, and SQL.

Software engineering & quality: Requirements, UML modeling, ADRs, Scrum, accessibility, SEO, Vitest, React Testing Library, Zod, ESLint, and code review.

Delivery & collaboration: Git/GitHub, Issues, branches, Pull Requests, GitHub Actions, CI/CD, Vercel Preview/Production, and technical documentation. Fundamentals of cloud computing, Docker, and Kubernetes.

CERTIFICATIONS & ADDITIONAL TRAINING

Itaú Bootcamp — Java with Artificial Intelligence | DIO | In progress

Topics: Java, OOP, Spring Boot, Spring Data, Spring Security, Spring Cloud, REST APIs, backend development, machine learning, generative AI, LLMs, and AI agents.

Cloud Fundamentals, Administration and Solution Architect | FIAP | 80h | Oct 2026

Topics: Cloud computing and architecture, IaaS/PaaS/SaaS, AWS (EC2, Lambda, IAM), Azure (VMs, VNET), GCP, Docker, Kubernetes, OpenShift, IaC, CI/CD, DevOps, and DevSecOps.

Software Engineering | FIAP | 100h | Oct 2026

Topics: SDLC, waterfall and iterative-incremental models, requirements engineering, functional/nonfunctional requirements, FURPS+, user stories, UML, use cases, business rules, OOP, testing, deployment, and maintenance.

Scrum: Managing Software Projects with Agility | IFRS | 40h | Sep 2026

Topics: Scrum, agile methods, planning, estimation, reviews, retrospectives, and continuous improvement.

Legacy JavaScript Algorithms and Data Structures V7 | freeCodeCamp | 300h | Jun 2023

Topics: JavaScript ES6+, algorithms, data structures, OOP, functional programming, arrays, objects, regular expressions, and problem-solving.

The Complete Full-Stack Web Development Bootcamp | Udemy | 62h | Nov 2022

Topics: HTML5, CSS3, Flexbox, Grid, Bootstrap 5, JavaScript, DOM, jQuery, React, Node.js, Express.js, EJS, REST APIs, SQL, PostgreSQL, authentication, Bash, and Git/GitHub.

Database Administration | Fundação Bradesco | 15h | Nov 2022

Topics: DBMS, relational modeling, SQL, JOINs, referential integrity, backups and recovery, MySQL, PostgreSQL, SQL Server, Oracle, and NoSQL/MongoDB.

UX and UI Design | TIM Tec | 40h | Feb 2023

Topics: UX/UI, user research, personas, information architecture, wireframes, prototyping, usability, accessibility, and interfaces.

Technical Support Fundamentals (Google) | Coursera | 24h | Jul 2023

Topics: Hardware, operating systems, software installation, troubleshooting, networking, TCP/IP, and help desk.

English for Technology, Support and Help Desk | Kultivi | 4h | Sep 2026

Topics: Technical English, IT vocabulary, hardware, software, IT support, and professional communication.

EDUCATION

Technology Degree in Systems Analysis and Development | Centro Universitário FAVIP Wyden | Completed Jul 2024

LANGUAGES

Portuguese: Native | **English:** Technical proficiency for documentation, code, and development tools.
